Public Information Update

Packets were recently made available containing several pamphlets of interest for professionals. Interested members were asked to share these packets with their doctors, clergy or other professionals that may be able to help spread the word. If anyone came to find that they took more packets than were needed, please just return them to Elizabeth. The IG purchased these packets for \$3 a piece so; we want to make sure all go to the intended use. No requests for more information have been made. The group requests that while sharing the packets with professionals that members review the portion that explains how to order more.
